# SMSD

## Allocation of School Spending 2019

**Facilities**  
**25%**

# Operational vs Non-Operational Budgets Expenditures

- **Operational Budget** includes the daily expenditures associated with running the school district, primarily salaries & benefits as well as transportation, utilities and supplies & services.
- **Non-Operational** are directed primary to maintaining, repairing, and rebuilding district facilities. Non-operational dollars cannot be used for daily operational expenditures, but for a few specifically defined exceptions.
  - **Capital Budget** include purchases for educational equipment, ongoing facilities upkeep and repairs to buildings according to an established replacement cycle. These funds are typically not large enough for major renovations or reconstruction. Capital outlay dollars cannot be used for operational needs, except for the salaries of maintenance and custodians who maintain the facilities.
  - **Bond Funds** dedicated to new construction and remodel of district facilities. Bond funds cannot be used for operational needs.
